The New Interpreter's Study Bible (NISB) on CD-ROM is a powerful tool that brings together top biblical scholars to provide in-depth insights and background information for serious study. Based on The New Revised Standard Version of the Bible with Apocrypha, this comprehensive study Bible features extensive annotations, book introductions, outlines, excursuses, and maps to enhance understanding of the biblical text. The CD-ROM version includes powerful linking and search capabilities, classic reference resources, and additional maps suitable for classroom use. General Editor Walter J. Harrelson and the Editorial Board have assembled a team of over seventy distinguished scholars to provide annotations for this study Bible. The result is a valuable resource for pastors, teachers, students, and laypersons who want to delve deeper into Scripture. "Dr. Walter Harrelson, a renowned expert, is highly commended by Bruce M. Metzger, Professor of New Testament at Princeton Theological Seminary, for his exceptional work in combining theological reflection with practical faith engagement. Rob Weber, Senior Pastor at Grace Community Church in Shreveport, Louisiana, praises the NISB as a rich resource that will cater to communicators, students, and spiritual leaders alike. Delia Halverson, Christian Education Specialist, highly recommends this study Bible for its simple yet thought-provoking content that stimulates personal growth. Reverend William C.B. Lowe is impressed with the self-pronouncing feature in the NISB, a unique aspect that sets it apart from other study Bibles. This feature makes reading and pronouncing difficult names much easier, especially for those who read aloud to others.
